About Hypefactors A/S

Hypefactors is an integrated AI powered Earned Media tech platform to support better media intelligence and reputation management. Hypefactors combine data, analytics, technology and tools to provide a unified and easy-to-use experience. With all the tools to automate and ease the work, and all the facts to document the results. In addition to media monitoring across the different media channels, the platform provides access to a number of facts, incl. automated documentation of the monetary value and quality assessment of each third-party media mention. The platform also contains other time-saving tools such as automatically generated media reports and a mobile app giving access to real-time media mentions.
